Plan

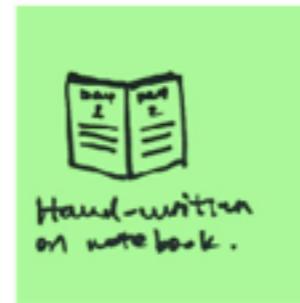

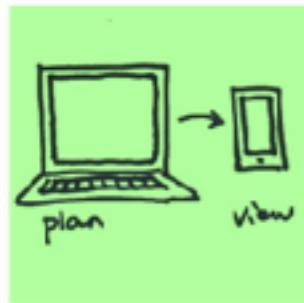

Plan ≠ Reality

A photograph of a person walking away from the camera on a long, low stone bridge. The bridge spans a river with rocky banks. In the background, there's a town with traditional Japanese houses (thatched roofs) and hills covered in greenery under a clear sky.

77
bpm

Trending High

Today's 77bpm heart rate reading is higher than your 30-day average. Sometimes daytime stress bleeds into the evening and a difficult night results. That may explain the rise. Smart Coach will keep an eye on it for you.

Understanding Your RHR

The American Heart Association has observed this range for adults. [See the report](#)
